BELVIDERE (WREX) - Rescue crews found two men who were thought to be missing in the Kishwaukee River.

A witness reported seeing someone go into the water near the Belvidere Dam at 916 West Lincoln Avenue around 1:00 p.m.

Emergency crews, divers and LEAC Helicopter were called in to search the area. The helicopter crew spotted the two men, safe on a kayak about two miles downstream from the dam.

The rescue operation took about two hours.
